EDUCATION

University of Michigan, Ann Arbor, MI	Atmospheric Science	Ph.D.	2009
Peking University, Beijing, China	Atmospheric Science	M.S.	2002
Nanjing University, Nanjing, China	Atmospheric Science	B.S.	1999

APPOINTMENTS

- 2015.12 - present **Head**, Department of Atmospheric Physics, Nanjing University, China
2014 - present **Professor**, School of Atmospheric Sciences, Nanjing University, China
2013-2014 **Scientist level III**, Pacific Northwest National Laboratory, Richland, U.S.
2011-2012 **Scientist level II**, Pacific Northwest National Laboratory, Richland, U.S.
2009-2011 **Post-doctoral Research Associate**, Pacific Northwest National Laboratory, Richland, U.S.

RESEARCH INTERESTS

- Aerosol and cloud modeling
- Aerosol-cloud interactions
- Multi-scale modeling

HONORS AND AWARDS

- **Jiangsu specially-appointed Professor, November, 2014**
- **Exceptional Contributions Program (ECP) award**, Pacific Northwest National Laboratory, December, 2011; December, 2013
- **Outstanding Performance Award**, Pacific Northwest National Laboratory, **June, 2010; December, 2010**

PROFESSIONAL SERVICES

- **Associate Editor**, *Journal of Geophysical Research – Atmospheres*, 2016.01 – present
- **Co-convener**, Session A079, “Process-oriented evaluation of climate model physics using observations and high-resolution models”, the AGU Fall meeting, December, 2015, San Francisco, CA, USA
- **Member, Scientific Steering Committee**, iLEAPS, Aerosols, Clouds, Precipitation and Climate (ACPC) initiative, 2015.04 - present
- **Co-leader** (with Steve Ghan), AeroCOM aerosol indirect effects intercomparison project on applying rain frequency susceptibility metric proposed in Wang et al. (2012) to

evaluate and constrain aerosol effects on liquid water amount in global climate models, 2013-present

- **Panelist**, NASA Modeling, Analysis and Prediction (MAP) Review Panel, November, 2012, Baltimore, Maryland; NASA Energy and Water Cycle Study (NEWS) Review Panel, December, 2011, Columbia, Maryland
- **Member**, UN Intergovernmental Panel on Climate Change (IPCC), co-winner, Nobel Peace Prize, 2007
- Mail-in reviewer for NSF proposals
- Peer reviewer for more than 10 journals, including *Atmospheric Chemistry and Physics*, *Journal of Climate*, *Journal of Geophysical Research*, *Tellus*, *Environmental Research Letters*, *Atmospheric Environment*, *Geophysical Research Letter*, *Climate Dynamics*, *Monthly Weather Review*

GRANTS AND PROPOSALS

2018-2021, The roles of aerosol-weather/climate interactions on winter severe haze pollution in China, National Science Foundation of China (NSFC), ¥3.5 M (**PI**)

2017-2022, Parameterization development for turbulence, low clouds and shallow convection, Ministry of Science and Technology of China, ¥4.62 M (**Task PI**)

2016-2019, Observational constraints on the aerosol indirect effects, National Science Foundation of China (NSFC), ¥800K (**PI**)

2014-2017, Jiangsu Specially-appointed Professor grant, Nanjing University Dengfeng Plan grant, ¥2.50 M (**PI**)

2014-2017, Expanding the computational frontier of multi-scale atmospheric simulation to

advance understanding of low cloud/climate feedbacks, DOE Climate and Earth System Modeling Program, PI, Michael Pritchard (University of California, Irvine), \$1.26M (**Co-I**).

2014-2017, Evaluation of NCAR CAM5 simulated marine boundary layer cloud properties using a combination of satellite and surface observations, DOE Climate and Earth System Modeling Program, PI, Zhibo Zhang (University of Maryland – Baltimore), \$742K (**Co-I, and PNNL-PI**)

2013-2016 *Absorptive aerosols and clouds: application of the PNNL-MMF*, NASA, PI, Steven Massie (NCAR), \$480K (**Co-I and PNNL-PI**)

Key Investigator in multiple DOE projects (*Atmospheric System Research*, 2012-2015; *Multi-scale methods for accurate and scale-aware models of the Earth system*, 2012-2015; *Multi-scale modeling of aerosol indirect effects on decadal timescales*, 2011-2015; *Accelerated climate modeling for energy*, 2014-2017)

CONFERENCE PROCEEDINGS AND BOOK CHAPTERS

- Kassianov EI, D Chand, and **M. Wang**: Assessment of MODIS Aerosol Optical Depth over Oceans using One-year Data from Maritime Aerosol Network, In *Proceedings of the SPIE: Remote Sensing of Clouds and the Atmosphere XVI*, September 21, 2011, Prague, Czech Republic, vol. 8177, ed. EI Kassianov, et al, p. Paper No. 81770K. SPIE, Bellingham, WA. doi:10.1117/12.897410, 2011.
- Penner, J.E., **M. Wang**, A. Kumar, L. Rotstain, and B. Santer, Effect of Black Carbon on Mid-Troposphere and Surface Temperature Trends, in *Human-Induced Climate Change: An Interdisciplinary Assessment*, ed. by M. Schlesinger, M. Schlesinger, H. Kheshgi, J. Smith, F. de la Chesnaye, J. Reilly, C. Kolstad, and T. Wilson, Cambridge University Press, pp. 18-33, 2007.
- Wang, M.** and J. E. Penner, The effect of including aerosol nucleation and coagulation in a global model, *the Proceeding of the 17th International Conference on Nucleation and Atmospheric Aerosols*, Galway, Ireland, Springer, pp. 494-498, 2007.
- A contributing author to Understanding and Attributing Climate Change, Chapter 9 in:
Climate Change 2007: The Physical Science Basis. Contribution of Working Group I to the Fourth Assessment Report of the Intergovernmental Panel on Climate Change [Solomon, S., D. Qin, M. Manning, Z. Chen, M. Marquis, K.B. Averyt, M. Tignor and H.L. Miller (eds.)]. Cambridge University Press, Cambridge, United Kingdom and New York, NY, USA, 2007.

INVITED PRESENTATIONS, PLENARY TALKS, AND SEMINARS

- 12/2015** Multi-scale modeling of aerosols, clouds and precipitation, **the International Conference on Aerosol Modeling and Algorithms**, University of California – Davis (Davis, California, USA)
- 04/2015** On the characteristics of aerosol indirect effect based on dynamic regimes in global climate models, **Aerosols, Clouds, Precipitation and Climate (ACPC) initiative workshop, iLEAPS**, GISS/Columbia Univ. (New York, USA)
- 01/2014** Multi-scale modeling of aerosols, clouds, and precipitation, a seminar at School of Atmospheric Sciences, Nanjing Univ. (Nanjing, China)
- 10/2013** Multi-scale modeling of aerosols, clouds, and precipitation in the super-parameterized NCAR CAM5, **Future Directions in Land-surface and Earth System Modeling Workshop**, jointly hosted by the University of Helsinki, Finnish Meteorological Institute and iLEAPS (Helsinki, Finland)
- 08/2012** SPCAM5: Multi-scale modeling of aerosols, clouds, and precipitation, a 45-minute open **plenary presentation at the 13th Center for Multiscale Modeling of Atmospheric Processes (CMMAP) Bi-annual Meeting** (Fort Collins, CO).
- 11/2011** Multi-scale modeling of cloud response to aerosol perturbation, **the second workshop on Monitoring of Geoengineering Effects and their Natural and Anthropogenic Analogues**, Keck Institute for Space Sciences at the California Institute of Technology (Pasadena, CA).
- 11/2008** Aerosol indirect effects in a global climate model, a seminar at **the MIT Joint**

Program on the Science and Policy of Global Change (November, 2008, Boston, MA).

10/2008 Aerosol indirect effects in a global climate model, **Yuk L. Yung Lunch Seminar at Caltech** (Pasadena, CA).

10/2008 Aerosol indirect effects in a global climate model, **Atmospheric Sciences Division Seminar Series at Brookhaven National Laboratory** (Upton, New York).

SELECTED PRESENTATIONS

09/2014 Parametric behaviors of CLUBB in simulation of low clouds in the Community Atmosphere Model CAM5, the DOE SciDAC team meeting (**oral**, Denver, CO)

12/2013 A multi-scale aerosol-climate model with a third-order turbulence closure, the AGU Fall Meeting (**oral**, San Francisco, CA)

09/2013 Uncertainty Quantification applied to a unified cloud parameterization (CLUBB), the DOE SciDAC team meeting (**oral**, Denver, CO)

08/2013 SP-CAM5 with CLUBB: progress and remaining issues, the 15th Center for Multiscale Modeling of Atmospheric Processes (CMMAP) bi-annual meeting (**oral**, Fort Collins, CO)

02/2013 SP-CAM5 with CLUBB: progress and remaining issues, the NCAR CESM AMWG winter working group meeting (**oral**, Boulder, CO)

12/2012 Aerosol effects on precipitation in a multi-scale aerosol-climate model PNNL-MMF, the AGU Fall meeting (**poster**, San Francisco, CA)

07/2012 Breakout session report on the multi-scale modeling at the NSF/DOE/USDA EaSM PI meeting (**oral**, Arlington, Va)

12/2011 Aerosol-cloud-precipitation interactions in the PNNL-MMF multi-scale aerosol-climate model, the AGU Fall meeting (**oral**, San Francisco, CA).

10/2011 Aerosol-Cloud-precipitation interactions in the PNNL-MMF multi-scale aerosol-climate model, the America Association for Aerosol Research (AAAR) 30th Annual Conference (**oral**, Orlando, FL)

03/2011 Aerosol indirect effects in the PNNL-MMF multi-scale aerosol-climate model, an **oral** presentation (**plenary session**) at the Atmospheric System Research Science Team Meeting (San Antonio, TX)

02/2011 Multi-scale modeling of cloud-aerosol interactions in CAM, the NCAR CESM AMWG winter working group meeting (**oral**, Boulder, CO)

01/2011 Aerosol effects on precipitation in the PNNL-MMF multi-scale aerosol-climate model, at the AMS annual meeting (**poster**, Seattle, WA)

08/2010 Toward simulating aerosol-cloud interactions in the MMF model, the 8th biannual CMMAP team meeting (**oral**, Fort Collins, CO)

08/2010 Aerosol-cloud interactions in a multi-scale aerosol-climate model, the 13 AMS Conference on Atmospheric Radiation (**oral**, Portland, OR)

02/2008 Aerosol 1st indirect forcing in the coupled CAM-IMPACT model: effects from primary-emitted particulate sulfate and boundary layer nucleation, CCSM chemistry-climate winter working group meeting (**oral**, Boulder, CO)

08/2007 The effect of including aerosol nucleation and coagulation in a global model, the 17th ICNAA meeting (**oral**, Galway, Ireland)

05/2006 Anthropogenic aerosol's effect on the water vapor flux into stratosphere, AGU Spring meeting (**oral**, Baltimore, MD)

SUPERVISED/MENTORED STUDENTS, POSTDOCTORAL SCHOLARS

- Iqra Munawar, Nanjing Univ., PhD student, 09/2017-present
- Yi Zeng, Nanjing Univ., Master student, 09/2017-present
- Weiyang Feng, Nanjing Univ., Master student, 09/2017-present
- Haipeng Zhang, Nanjing Univ., Master student, 09/2016-present
- Heming Bai, Nanjing Univ., PhD student, 09/2015-present
- Zhoukun Liu, Nanjing Univ., PhD student, 09/2015 - present
- Shipeng Zhang, Nanjing University, China, Master student, 09/2013 – 06/2017
- Yawen Liu, Nanjing Univ., post-doctoral research associate, 07/2018-present
- Rudong Zhang, Nanjing Univ., post-doctoral research associate, 07/2015-06/2018
- Zhun Guo, Visiting scholar, Institute of Atmospheric Physics, Beijing, China, 03/2013 – 08/2015
- Chengzhu Zhang, Univ. of California – San Diego, 09/2012-09/2014

SOCIETIES

- American Geophysical Union (AGU)
- American Meteorological Society (AMS)
- European Geosciences Union (EGU)
